 - ii. The first named team on the match fixture shall have priority of uniform colours.
 - iii. It is the responsibility of the playing teams to ascertain that there is a potential clash and to organise the bibs before the scheduled start time as games will not be delayed.
- d. Walkovers
- i. A walkover occurs when:
 - A team cancels a scheduled match
 - A team is more than ten minutes late (see late start penalty)
 - A team fields an illegal player (see player restrictions)
 - ii. In the event of a walkover the none-offending team will receive a win, with a match score 20-0.

 - **NOTIFIED WALKOVER: (over 48 hours' notice) double match team fee less umpires payments**
 - iv. Any team giving two (2) walkovers (notified or un-notified) may be disqualified from the competition, unless there are extenuating circumstances, and the Netball Programme Manager has been informed and agreed.
 - v. In the event of exceptional circumstances, the Netball Programme Manager has the authority to replay a forfeited match at a mutually convenient time for the teams

concerned. Teams have up to 2 weeks before the end of the season to play any outstanding re-arranged matches. After this period, they will be classed as a walkover.

- vi. Walkover fines must be paid within one week. Teams with outstanding fines will lose all their league points until all outstanding fines are repaid in full, in which case all league points will be reinstated. League points will not be reinstated after the last day of the season.

- e. Scratch match
- i. A scratch match is a match where ineligible players are involved to avoid a walkover.
 - ii. Both teams are required to pay their full game fees with the match being played under normal conditions.
 - iii. In this situation the team who was unable to field a legal team, will not receive a fine and will receive one (1) league point. The other team will receive a win, with score of 20-0.
- f. Late start penalty
- i. The umpires will commence all games on time.
 - ii. When time is called to begin play, any team not present on court with a minimum of 5 of its registered players ready to play will be penalised 1 goal per minute, implemented by the umpire at the start of the game.
 - iii. The score sheet must be on the score bench with a paid stamp next to both teams before the game can start. After 10 minutes walkover penalties apply.
- g. Borrowed players
- i. A team must have 5 registered players to commence a legal match.
 - ii. Where a team only has 5 or 6 registered players available to play it may borrow 1 player from either the same division or the one below. In junior netball this can be from the age group below. At the Bury centre, for junior netball leagues only, teams may borrow 2 players if they only have 5 players.

of play but must remain in one of the centre court positions (C, WA or WD).

- vi. The borrowed player may join a game at any point, once approved by an umpire, but only after a goal, an interval of play or stoppage. There must be a vacant centre court position available for the borrowed player to join.
- vii. If a team member turns up late they can replace the borrowed player, but only after a goal, once summoned on the court by the umpire, and to replace the borrowed player's position on court. If the borrowed player is replaced they may not be substituted back on later in the game.
- viii. A player who is injured, and unable to continue to play, may be replaced by a borrowed player where the team affected does not have any substitutes to take their position. The borrowed player can join at any point in the game after the injured player has left the court, whilst there is vacant position to fill. They can only join the game once approved by an umpire, and only after a goal, an interval of play or stoppage. The borrowed player must take a centre court position, which may result in one other player moving out of a centre court position to allow this to happen.

A player who has left the court for injury, who has been replaced by a borrowed player can only return to the game and replace the borrowed player at an interval of play. Borrowing a player to replace an injured player can only happen once in a game.

Note some competitions for days / age groups may have different genders allowing registration for more than one team (eg. male, female, mixed).
 - iii. Any teams fielding illegal players will forfeit the game 20-0.
- i. Player transfers
- i. Players may transfer to another team/club during the first 10 weeks of the season. Players wishing to transfer between team/clubs may only do so by completing a transfer form & with authorised permission of the Netball Programme Manager. Players transferring teams without permission will forfeit or lose all matches whilst illegally participating. After ten weeks, players will not be permitted to change teams (except in exceptional circumstances).
 - ii. The transfer rule applies during and across seasons, which includes breaks between seasons. A transfer request is not required for players who subsequently do not register for one or more seasons. Transfers between teams from the same club are permitted between seasons without the need of a transfer form.
 - iii. Poaching of players from other teams or clubs is not permitted. This normally involves approaching players (or their parents for juniors) from other teams or clubs and offering them the opportunity to join their team or club. Where this is found to

have occurred, the associated transfers will not be approved and disciplinary action will be taken against those found to be poaching.
