When to contact?

Our COVID officers are involved in assisting with the COVID-19 risk assessments, for managing the centre track & trace information, for associated staff training, for monitoring processes are followed, to obtain feedback from all stakeholders for the centre, and to provide feedback into the risk assessment and report any issues. You may want to contact our COVID officers to discuss:

- Information on safety measures at the centre
- Suggestions to improved procedures
- To notify us of your club/team COVID officer
- To notify us that you or someone you live with is clinically vulnerable (see the personal and household risk poster)
- To report a positive test result if you develop COVID symptoms within 48 hours of attending the centre and have received a positive test result from NHS test and trace.
- To raise concerns or breaches to procedure
