

How to register your **existing** junior teams for the Winter Seasons

A quick step-by-step guide for clubs paying **cash / card** at the Centres

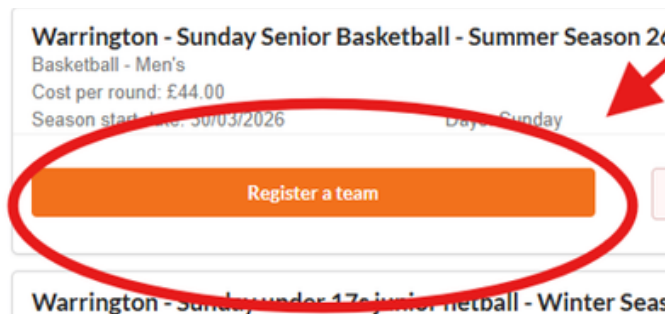

IMPORTANT: Clubs that are invoiced **should not** register their teams online. These clubs should complete the team entry form from the website available here: <https://www.sportforallcentres.co.uk/junior-club-team-entry-form/>

Stage 1

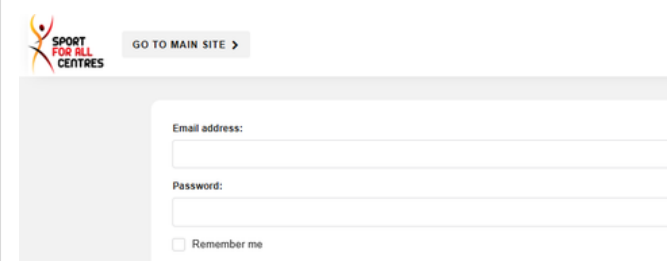

Select register a team via
www.sportforallcentres.co.uk

Stage 2

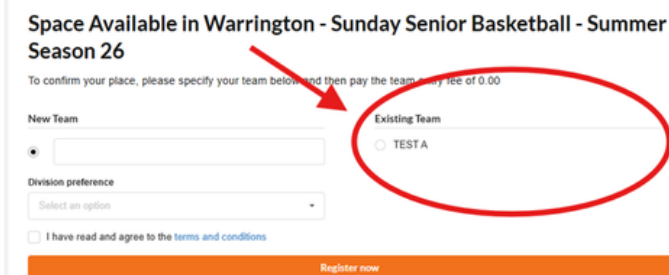

Select the league you would like to enter
(senior league shown for illustration only)

Stage 3

Login to Spawtz with your existing
username and password

Stage 4

Select existing team from the list of teams.

Stage 5

Proceed to payment and agree to the
league's terms and conditions

Stage 6

Send one email per club as confirmation of
teams entered, name changes required and
division preferences via (rules & forms):
<https://www.sportforallcentres.co.uk/junior-club-new-season-team-name-change-request-form/>

It is important to register **existing teams** rather than setting up new ones where they are not needed. This will ensure players continue to be registered to the teams they were on previously and the teams' financial records are maintained.
